

**PAPER
TECHNOLOGIES**

**A commitment
that goes
to the core.**

Buckman is intently focused on helping our paper and pulp customers succeed.

So much so that we put our reps through an incredible amount of training specific to pulp and paper. And we complement that expertise with the latest in smart technology, advanced data analysis and customer-centered solutions. In other words, we know your business from river to reel. So we are better equipped than most to help measurably improve your mill's operation and promote long-term sustainability and growth. It's more than chemistry. It's Chemistry, connected.
